

## Compass Group UK & I

### Coronavirus. Client statement

*At Compass Group UK & Ireland Health and Safety is our number one priority and we are keeping a close eye on the reports and developments in relation to the Coronavirus. We are closely monitoring guidance from Public Health England (PHE) and have issued their advice to our Managers. We will continue to update our leadership teams and wider business as required.*

*As a precaution, we have reminded employees of our HSE processes, reinforcing our hygiene procedures to follow and have updated our Pandemic Business Continuity Policy.*

- *Any employee (or family members and persons living in the same household) who have recently returned from China, Hong Kong, Singapore, Northern Italy (North of Pisa), South Korea, Japan and Iran are being asked to self-quarantine at home for a period of 16 days; to date 4 Compass UK&I employees are in this position.*
- *Any employee (or family members and persons living in the same household) who have recently returned from Thailand, Republic of Korea, Taiwan, Malaysia, Macau or Southern Italy are being asked to self-quarantine at home for a period of 16 days **only if they are experiencing symptoms such as cough or fever or shortness of breath.***
- *Our providers of temporary and agency workers have been told that until further notice, we cannot accept anyone who has returned from China, Hong Kong, Singapore, Northern Italy (North of Pisa), South Korea, Japan and Iran until 16 symptom free days have elapsed before working on one of our sites.*

*“We are following developments in China through our APAC team who are monitoring the situation closely.”*
